Please email or mail completed form directly to Environmental Volunteers.

Molly Landrith, Volunteer Coordinator, Molly@EVols.org
2560 Embarcadero Rd, Palo Alto, 94303

Program Description

The Environmental Volunteers (EV) is excited to launch the newly redesigned Teen Docent Program for high school students! You, along with your cohort, will not only serve the community but also gain valuable environmental education, leadership, and communication skills. You will learn from environmental education professionals, participate as a volunteer in a variety of our community programs, and gain experience working with non-profit organizations.

Feel free to use an additional piece of paper if needed.

1) Our Teen Docents will be interacting with diverse populations throughout the Silicon Valley. Please describe how the applicant works with others, including people of different ages and backgrounds. Please also include any group and individual leadership skills.

Four horizontal lines for writing the response to question 1.

Please continue on next page.

2) Our Teen Docents are expected to approach the public during EcoCenter programs and tabling events. Please describe the applicant's public speaking skills, with examples.

3) Teen Docents need to manage their volunteer schedule and commit to volunteering regularly for a year. Please tell us what you know about the applicant's organizational skills and follow-through.

4) How do you think this applicant will grow through the experience of participating in this volunteer program?
